Career Objective

To evolve as a creative and assimilative engineer by transforming innovative ideas into sustainable, real-world solutions, absorbing diverse knowledge and perspectives.

Education

BACHELOR OF ENGINEERING (ISE)

Aug 2023 – May 2027

JSS Academy of Technical Education, Bengaluru-560060

- **Coursework:** Computer Networks, DSA, OS, DBMS, Object Oriented language. JAVA, python, C languages.
- GPA: 8.8/10.0

Skills

Programming Language: Java, Python, C, HTML, CSS, JavaScript/TypeScript

Python libraries: Pandas, numpy, FastAPI, Flask, ScikitLearn

Frameworks: Jupyter, Pytorch MERN, TailwindCSS

CS Fundamentals OS, DSA, CN, Software Engineering and Project Management

Databases: NoSQL Database(MongoDB)

Projects

PowerPredict

Sep 2025 – Oct 2025

- A scalable, full-stack platform to forecast India's electricity demand, achieving 90-93% predictive accuracy using the *CatBoost time-series* model.
- The application, built with **Python, FastAPI, and React**, features an interactive data visualization dashboard and key strategic modules.
- These modules facilitate dynamic **Demand-based pricing, Urban planning impact assessment, and Carbon emission forecasting**, demonstrating a clear pathway toward more sustainable and stable grid management.
- This includes many features making an impact in sustainability.

Attendance Bunk Calculator [🔗](#)

Aug 2025

- Developed a web application that helps students manage class attendance efficiently. The app dynamically calculates the number of classes that can be safely skipped and provides alerts based on attendance status:
- Case 1: Displays **Available classes to Bunk** while maintaining minimum attendance.
- Case 2: Warns users to attend specific classes to **stay above the threshold**.
- Case 3: Alerts when all **Remaining classes** must be attended to meet required attendance percentage.
- Deployed on **Vercel** for seamless accessibility and responsive UI.

Publications

Application of Hasse Diagram in Space Missions

May 2025

National Conference on Advancements in Information Technology '2025

Kowshik T G, A Radhika, Nethravathi B

Extra Curricular

Technical Tech Member

Sep 2025 – *present*

Google Developer Group, JSSATE

- Organized **Google Cloud Study Jam** for the entire college students of JS-SATE.
- Participants around huge **400** registered.
